POD/BOOTH

Host One

POD/ BOOTH

Host enhances our portfolio of booths and embraces the rapidly changing landscape of the workplace. 'Host' creates a walk-in sound absorbing work and privacy area engineered to reduce noise by up to 28.9 decibels. It combines sleek, stylish exterior lines with perfectly painted pressed steel, laminated safety glass and a host of internal features including an almost silent air circulation and ventilation system with HEPA filter, motion sensitive LED lighting, environment control display, CE certified UK power socket and USB charging points. Together, these combine to offer a soundproof, distraction free space. When time is required for focused tasks or for attending virtual meetings, Host One delivers a single person private space.

Please refer to the price and specification guide for all available options.
