Host Two

POD/BOOTH

Host Two

POD/ BOOTH

Host enhances our portfolio of booths and embraces the rapidly changing landscape of the workplace. Host Two expands on the virtues of its 'single pod' derivative and is designed to create a modern, stylish, collaborative workspace for up to 4 people, 'Host Two' is designed using sustainable, high-quality materials to fit naturally in almost any open office domain.

An 'office within an office', Host Two offers the perfect venue for undisturbed private one to ones, team meetings, video conferencing and smart screen presentations. It combines sleek, stylish exterior lines with a host of internal features including a motion sensitive ventilation system with air purifying HEPA filter, motion sensitive LED lighting, environment control display, CE certified UK power sockets and USB charging points, high back bench seating and a central table.
